

Cleaning & Maintenance

Maintenance Equipment - Vacuum Heads

Fairlocks Vacuum Head

FA19 Fairlocks vacuum head

Aluminium Vacuum Head

CCM130 Aluminium vacuum head (350mm) for 1.5" hose with wing nut fixings

Aluminium Vacuum Head

CCM131 Aluminium vacuum head (350mm) for 1.5" hose with wish-bone fixings

Aluminium Vacuum Head

CCM140 Aluminium vacuum head (450mm) for 2" hose with wing nut fixings

Vacuum Heads - Concrete Pools

HD70 Certikin 12" (300mm) Flexvac

HD70/10 Certikin 12" (300mm) Flexvacs - pack of 10

Vacuum Heads - Concrete Pools

BE18 Bendervac 18" (450mm) vacuum head

Vacuum Heads - Liner Pools

HD70LN Certikin liner vacuum head

HD70LN/10 Certikin liner vacuum heads - pack of 10

Rainbow Leaf Trap

RA179 Rainbow in-line leaf trap with 3" hose

The Supa-Vac quickly cleans or easily empties small A/G pools or spas

Supa-Vac & Venturi Pump

SUP-1 Supa-Vac and venturi pump C/W venturi pole, hose and filter sock

Maintenance Equipment - Brushes & Nets

Pool Brushes

HD66	Certikin 18" (450mm) pool brush	
HD66/10	Certikin 18" (450mm) pool brush - pack of 10	

Pool Brushes

Pool Brushes

HDSE18	SweepEase 18" Aquadynamic pool brush	
---------------	--------------------------------------	--

SweepEase Pool Brush

- SweepEase's Aquadynamic design is like the airfoil on a sports car; it holds to the wall and floor with a full 18 inches of pressure, that's 10 times the power of a regular pool brush.
- SweepEase has no moving parts to wear out.
- SweepEase effortlessly glides directly back to you! (the patented trailing edge makes it easier to pull back than any pool brush on the market).
- SweepEase is structurally engineered with Truss Strength to be stronger than metal backed brushes.

Leaf Nets

HD67	Certikin flat leaf net	
HD67/10	Certikin flat leaf net - box of 10	

Deep Nets

HD68N	Certikin deep net	
HD68N/10	Certikin deep nets - box of 10

Graphite Maintenance Equipment

The Certikin Graphite range of swimming pool maintenance equipment is manufactured in an attractive graphite grey colour. The Graphite range is strong, durable and designed to Certikin's exacting standards.

Vacuum Head - 19" Certivac

CVH19

Graphite Certivac 19" (483mm) plastic vacuum head

Vacuum Head - 15" Flexible

CCMG115

Graphite 15" flexible vac head - wide side brushes

Vacuum Head - Liner Pools

CCMG049

Graphite liner vac head

Vacuum Head - Liner Pools

CCMG071

Graphite triangular vac head with swivel

Venturi Vac

CCMG104

Graphite Venturi vac - with 48" (1.2m) handle

Vacuum Head - Liner Pool

CCMG130

Graphite semi circle vac head with swivel

Vacuum Handles

CCMG85

Graphite 1.8 - 3.6m pole

Vacuum Handles

CCMG84

Graphite telescopic pole 8'-16" / 2.4-4.8m

Vacuuming Concrete and Tiled Pools

Vacuum heads for concrete and tiled pools have wheels and brushes allowing them to be moved easily across the pool floor. Certivac has a large 19" (483mm) wide articulated head and has been designed for use in larger concrete pools. Its adjustable brushes and supreme manoeuvrability allow it to reach every corner of the pool. It is suitable for use with both 1.5" and 2" vac hose.

Vacuuming Liner Pools

In order to keep liner pools looking their best and prevent potential liner damage, vacuum heads for liner pools have soft brushes rather than wheels. The Deluxe vac head is lead weighted to ensure that it stays on the bottom of the pool and comes with a swivel so that it can reach every part of the pool floor. Alternatively use our standard liner vac head or the See-Through semi-circular vac head which allows you to see the debris as it is vacuumed up.

Vac Handles

Every vac head, brush and leaf net comes with a wishbone clip to enable quick and easy connection to a telescopic vacuum handle. Vac handles are adjustable with a twist-lock action and the correct handle should be selected in order that it is long enough to allow the centre of the pool to be cleaned.

Venturi Vac

The Venturi-vac is suitable for use with Splasher pools and paddling pools with minimal or no filtration. The venturi vac is connected to a standard garden hose and through venturi action, collects dirt and debris in its integral vacuum bag as the vac is moved across the pool floor.

Graphite Maintenance Equipment

The Certikin Graphite range of swimming pool maintenance equipment is manufactured in an attractive graphite grey colour. The Graphite range is strong, durable and designed to Certikin's exacting standards.

Pool Brushes - 5" / 125mm

CCMG142 Graphite algae brush 5"

Pool Brushes - 10" / 250mm

CCMG81 Graphite 10" wall brush

Pool Brushes - 18" / 450mm

CCMG51 Graphite 18" deluxe wall brush with polished aluminium back

Cleaning The Walls

Swimming pool walls should be regularly brushed to prevent the build up of algae. For stubborn algae growth on the walls of concrete pools, use an algae brush with stainless steel bristles to make cleaning easier.

Deep Leaf Net

CCMG117 Graphite leaf net

Flat Leaf Rack

CCMG118 Graphite leaf rake

Leaf Nets and Rakes

Used to collect leaves and other material from the bottom of the swimming pool, the Leaf Rake has a deep polyester net welded to an extra wide frame ensuring greater strength and maximising the debris that can be collected with one sweep. The Leaf Net is perfect for collecting leaves from the water surface. Its polyester net is welded to its lightweight frame making the leaf net strong, yet light to use.

Graphite Scoop Thermometer

CCMG69 Scoop thermometer 10" / 250mm - large

Life Hook

CCMG312 Graphite life hook

Thermometers

Check the water temperature with one of our quality thermometers that have easy to read displays in both Celsius and Fahrenheit and come with a string for securing to a ladder or handrail. Scoop thermometers are designed to fill with water so that they sink below the water line, whereas the floating thermometer is designed to float at the water line.

Life Hook

For safety, every pool should have a life hook attached to a fixed pole and kept at the poolside for use in an emergency.

Certikin Display Stand

**A Certikin Display Stand is available.

Swimming Pool Cleaners

Typhoon Pro Robotic Cleaner - Commercial Pools

Code	Description	Price Euros €
31850	Typhoon Pro robotic cleaner for pools up to 25 metres long. With Caddy	

Specifications			
Recommended Pool Size	Up to 25m	Cleaning Programme	Bottom and half wall
Volume Of Water Filtered	19m ³ /h	Filter Specifications	Reusable 2micron
Cleaning Coverage	630m ² /h	Voltage In Water	24 V
Floating Cable Length	30 Metres	Shipping Weight	35.18kg
Drive Motor	2 x 12V DC submersible speed motors	Electrical Specifications	230V / 50Hz / 130W 8A 115V / 60 Hz / 130W 8A
Pump Motor	1 x 20V cc submersible motor	Shipping Dimensions	85.5 x 51.5 x 54.5cm

Typhoon Max Robotic Cleaner - Commercial Pools

Code	Description	Price Euros €
CRT300	Typhoon Max robotic cleaner for pools up to 50 metres long. With Caddy	

Specifications			
Recommended Pool Size	Up to 50m	Cleaning Programme	Bottom and half wall
Volume Of Water Filtered	40m ³ /h	Filter Specifications	Reusable 2micron
Cleaning Coverage	900m ² /h	Voltage In Water	24 V
Floating Cable Length	36 Metres (45 optional)	Shipping Weight	51.8kg
Drive Motor	2 x 12V DC submersible speed motors	Electrical Specifications	230V / 50Hz / 130W 8A 115V / 60 Hz / 130W 8A
Pump Motor	2 x 20V cc submersible motor	Shipping Dimensions	85.5 x 51.5 x 54.5cm

Reaction Pool Cleaner - Domestic Pools

Code	Description	Price Euros €
CR57352	Reaction pool cleaner for pools up to 12 metres long	

Features

- Top access to the filter
- Plug and play power supply: easy and simple for anyone
- 2 different mesh filters: ensures best cleaning performance
- Filter capacity of 1.575cm³ (2 x 787cm³): can be used more times before cleaning
- One single motor generates motion and suction
- No internal parts (gears, belts and so on)

Specifications			
Pool shape	All	Cleaning programme	1-2 hours (small & large)
Surface (liner, ceramic)	All	Filter capacity	1.575cm ³ (2 x 787cm ³)
Size (up to)	12 meters	Voltage power supply	48 VDC
Propulsion	jet (1 single motor)	Watts	145W
Auto shut off	Yes	Dimensions	45.7 x 50.8 x 22.9
Power supply	Digital	Weight	11.33kg
Warranty	2 Years		

Typhoon Surf Top Floor Cleaner

Code	Description	Price Euros €
CRTS54449	Typhoon Surf Top Pool floor cleaner - up to 60m ² pools	

Features

- Top access for quick and easy access to the filter
- Plug and play power supply: easy and simple for anyone
- External timer capability
- 3 different mesh filters to ensure the best cleaning performance
- No direct contact with the dirt thanks to the cassette design
- Water inlet has height adjustable nozzles; improves suction power
- Brushless motor; Oli cooled pump; No motor block for better reliability

Specifications			
Floor	yes	Drive motor	24V DC brushless
Pool area (m2)	60	Pmp motor	24V DC brushless
Cycle time	2.5	Brushes	PVC
External timer	yes	Power supply	Basic SPS
Floating cable length	18 meters	Warranty	2 years
Filtrated flow (m3/h)	17	Electrical Specifications	100-250V / 50-60Hz / 150W
Filter	Push-pull top access
